

# BUILDING ON FAITH

## Providing For Our Youth

Our children and our youth are the future of St. Denis Catholic Community. Through the **Building On Faith** Campaign we have an opportunity to provide a facility that will serve their educational, spiritual and social needs.

The Faith Formation program is thriving at St. Denis but our children are forced to meet in makeshift classrooms. Our youth have no space to call their own where they can meet in fellowship with one another outside of school. ***The time has come to invest in the future of our children as they grow in their Catholic faith.***

Makeshift Classrooms

Another Type of Makeshift Classrooms

The new Parish Center will include a number of classrooms. The Youth Ministry Room will be a place where they can gather after school, on weekends, and evenings for fun, learning, and fellowship.

The Parish Center and Hall will also incorporate the latest in multimedia technology, allowing for vibrant presentations and events and an enhanced learning environment for our children.

## A Message From Our Youth

“We have a very strong youth ministry program at St. Denis but we are limited by the space available for our activities. Many active young people are anxious to participate but too often we are unable to host events because we do not have a dedicated youth ministry room, or because we will interfere with other programs going on at the same time.

We are the next generation of St. Denis parishioners and as we grow in our Catholic faith we need a place that draws us to church. New classroom space will provide for our religious education and a youth ministry room will provide a safe environment where we can be together.

The **Building On Faith** Campaign will provide a place we can call our own – a place that feels like home, where we can gather with friends in fellowship.” - **Emily Kuper**
